

The Joyful Wisdom  
After Buddha was dead  
people showed his  
shadow for centuries  
afterwards in a cave,—an  
immense frightful shadow.  
God is dead: but as the  
human race is constituted,  
there will perhaps be  
caves for millenniums yet,  
in which people will  
show his shadow,—And  
we—we have still to  
overcome his shadow!  
Friedrich Nietzsche
